Volume 3(d) West Clare Municipal District Written Statements and Settlement Maps

Doonbeg

Associated Documents

Volume 4 Record of Protected Structures, Volume 5 Clare Renewable Energy Strategy

Environmental Reports

Strategic Environmental Assessment, Appropriate Assessment

Your Submission

1. Castles in Doonbeg - these are protected structures and yet they are being allowed to fall into dangerous disrepair. Can something not be done to protect these structures and maybe develop something innovative like a tourist destination similar to the castle in Kinvara? 2. Doonbeg has no playground amenity. This is something that every village should get funding for. It would be used by local children as well as holiday visitors. 3. Sewage. Doonbeg is a protected area and yet raw sewage is being pumped into sea. There is no strategic investment in Anaerobic Digesters to try and tackle this issue in a sustainable manner that would benefit all involved.

4. Telcoms - a telecoms mast was erected in a very visual way in Rhynagonnaught. It was not on the strategic development plan or mentioned in anyway. Telecom masts should not be allowed to be erected in this manner. It should be done in consultation with the County Council to identify the best location and if one is erected there should be a community benefit fund who must tolerate this eye sore

5. Rhynagonnaught Beach - there are tires and all sorts of rubbish being used on that beach which is dumping as far as I am aware. Why has this not been prevented or tidied up. It is an eye sore for such a protected area and place of scenic beauty.
