It is very important to the local community in Westbury that the area zoned OS3 remain as open space for the local residents as this is where our kids play. I have been a resident of Riverdale for 15 years and this open area has been a welcome and safe area away from traffic where kids can play. I also feel that areas zoned R1 and R2 should not be allowed for new housing as there is already too much traffic and housing in Westbury area. Areas should be rezoned for community buildings and playgrounds etc as there is nothing in the local area for community use. This is not good enough for such a large community
