i am a resident of westbury housing estate and wish for the area zoned as open space to remain as is , also there are two other areas within our estate zoned for residential purpose i personally think this estate has more than enough houses here already ,as it is one of the largest housing estates in the Munster region with only the one road leading into Limerick city Corbally road (better known as the road to nowhere as people spend more times stopped in traffic than they do moving ) which is at a standstill mornings and evenings with the amount of people using it now as so many housing projects have gone up in the last years yet the infrastructure hasn't . The area within the estate zoned as open space on the map is a lovely wild area that is home to all sorts of wildlife which we as residents enjoy and so do our children , there are no play areas within this estate and this area is one of the few places our children get to enjoy .
