Your Submission

To whom it may concern, We would like to submit a proposal of a footpath between Clonlara's new canal bridge to the townland of Monaskeha along the R463. We currently have no access to the village other than driving as the road is far too dangerous to walk as its a treacherous stretch of road. The local primary school is roughly 1 km from Monaskeha yet we cannot use any forms of Active Travel. There are 62 houses around the area of Monaskeha that would use this footpath for school, shopping, socialising, church and recreation. Many of these houses have young families. Though we can visually see Clonlara Village from many of our homes we feel

totally cut off. We would love for our young children to be able to access the village safely without depending on cars. With the proposal of the Scariff-Limerick greenway this footpath would be used as a link for locals to commute to work also.

We are asking for less than 1 km of footpath running adjacent to new canal. There is ample space for a footpath along these bounds. We hope that you would please consider our proposal.
