Subject: Access to falls of Doonass

To whom it may concern ,I recently went to take my children for a walk to doonass to walk the falls of Doonass to my shock and amazement I couldn't gain entry, this I found to be an absolute shame to deny people the right to walk along out beautiful river where I grew up as a child and spent many years enjoying it. I would like area to be includes in the draft clare co.council development plan 2023-2029

Regards
