At St Clare's Special School wishes to provide a purpose built playground to cater for not only its cohort of learners with moderate to severe/profound learning disabilities but are also open to providing access to individuals and organisations who cater for children with special needs requirements in the surrounding areas. This playground would be designed to cater for ONLY children and young adults with varying physical and neurological needs. It is envisaged that this playground will have separate access, toilet facilities, sheltered picnic area and handicapped parking spaces to cater for children with physical disabilities as well. A facility such as this is very necessary in our county and would benefit so many families with special needs.
