Your Submission

We would like to make a submission to have the field at the rear of our property changed in the new Development Plan. We are owners of [REDACTED] Dun Na Mara, Doonbeg. Our house is a corner house with a small road at the side of the property which leads to this rear field. We are a very small enclosure of houses with one access road only into our estate. Last year we, as a community, launched an objection to a proposed Mobile Park/Camper Van park on this rear land. The main entrance/exit to this Park was to be situated right at the side of our house and a large refuse bin area adjacent to our property. These houses were built in 2006 and the area has always been a cul de sac. Any tourist development to the rear of this field would require access through our estate, running right at the side of our property.

Other issues we have with this being zoned for tourism, is that we have a very inadequate water infrastructure at present, with regular outages. We would like to suggest that this land be re-zoned as agriculture land, which would be much more suitable for this area
