As a young person living in Liscannor, I object to the zoning of the site TOU5 as a camping or glamping site as I think it would be harmful to the quiet atmosphere of the village. It would create a lot of noise which would be detrimental to the people living in the houses that are situated directly adjacent to the field. This would also bring too much traffic in and out of this village that already has near to too much traffic relative to its size. While tourism is good, this campsite would have many negative impacts to the permanent residents of Liscannor.
