Your Submission

This submission is being made to support the Development plan as it proposes to keep lands at folio number CE 43227 F in the Woodstock Neighbourhood zoned as agricultural lands. The development plan also notes that no additional large areas of land are identified in this Neighbourhood for Residential development. The reality is that access to Lahinch road at busy times is already an issue for residents of this neighbourhood (prolonged waiting times, safety issues (road traffic accidents), adequacy of sewerage system currently, pumps in place. For the reasons outlined above I am making this submission to support the County Development Plan of this land remaining zoned as agricultural land.
