Your Submission

Hi, I would like to make a submission to the county development plan. 1. The current plan and the future plan lacks ambition especially for rural spaces and villages. For instance Corofin village is the gateway to the Burren but there's no mention of how to develop this natural resource. While zoning around the area is useful it is prohibitive for any individual or group to develop or implement a plan of scale to address the current use and demand. Car and bus parking is necessary. Route approaches especially from Ennis need improvement (Toonagh). There is also a role for a group energy scheme similar to Irish water group schemes with up to 80% funding including maintenance and renewal.
