Your Submission

Dear Clare Co Council. I would like the council to halt further industrial expansion in the Gortatogher and Parteen area of Co Clare (eircode V94 FK00). While there has been industrial development in the past, this business is expanding. The result is that the area is getting congested with huge articulated trucks down the Parteen school road because of ongoing expansion of the existing industry. This area has ecological significance for migratory birds and any further planning requests need to be referred for ecological assessment. This area needs to be zoned as rural housing and not any further industry. There is continued expansion at this site over the last 10 years and it is necessary that Clare County council take regard to the rights of the residents and not allow further expansion (see planning permissions for retention of farm sheds as industrial sheds over the last 10 years)
