Submission to Draft Clare
County Development Plan 2023 – 2029

**SUBMISSION TO DRAFT CLARE COUNTY COUNCIL
DEVELOPMENT PLAN 2023 – 2029**

To whom it may concern,

I wish to make a submission regarding 3 ½ acres of land that I own at Cratloekeel, Co Clare, as per map provided.

This land is situated at the rear of a development called “Woodbrook” –
Planning Ref: P98-1820 – Existing planning permission P94/392

I require to change the zoning of this land from agricultural to development land to facilitate 4 detached style dwellings. All services are already in place regarding water, electricity, storm water to existing stream, entrance to site from roadway through Woodbrook housing development and right of way entrance to the left of development.

The planning permission goes back to the 31st July 1979 on all these lands when Clare County Council decided to grant permission for the development of these lands.

I trust the Clare County Council will look favourably on this submission.

Yours faithfully,

Naomi Smith
