

S2/969.

28/3/2022

A Chara,

I wish to have my land at Croughville Carron, Co. Clare. (outlined in red on the enclosed map) zoned for Low Density Residential Housing — perhaps 5 houses on $\frac{1}{2}$ acre sites.

These lands were zoned in the past as I made an application for permission for 5 houses in 2007 which I withdrew due to the economic crash.

The land is off the main tourist route adjacent to the school on good level ground.

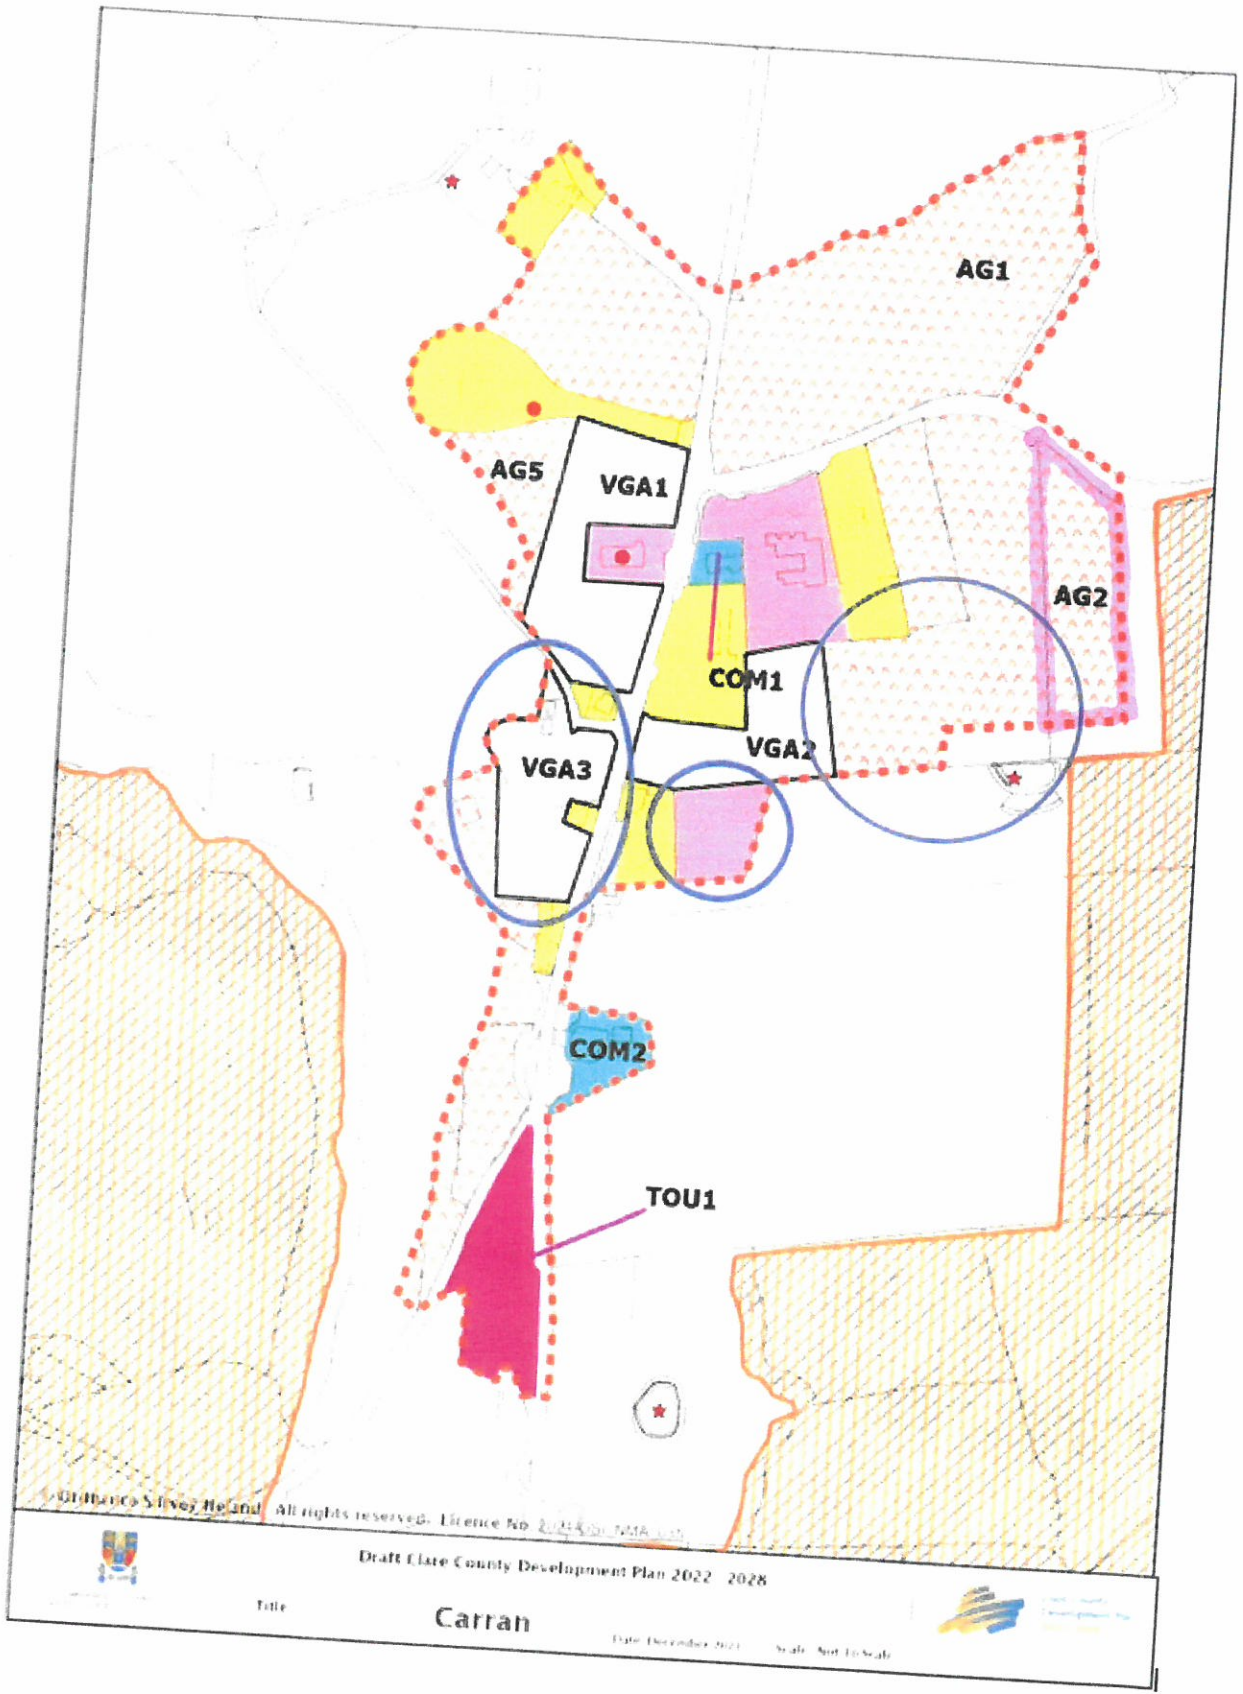

My determination is to make the land available for a few houses to support the community and support enrolment in the Primary School in Carron.

Carron village, school and environs are struggling due to falling numbers. This is an opportunity to zone 2 $\frac{1}{2}$ acres which will be made available for develop^m

Thanking You.

Sincerely yours.
