CORRECTION

A Chara

Regarding Kilrush OP1 described as Former Tile/Bathroom Showroom which is under-utilised, please note that this premises houses a Gym and a Bicycle Shop, namely KFitt Gym and L&L Cycles and so this entire paragraph needs to be amended further as the building is fully utilised.

The adjacent car park is indeed in poor condition and the area has at times been used for illegal dumping. Improvements in these regards may encourage other businesses to locate, or relocate, to Place de Plouzane and provide additional commercial and civic amenities, as was originally intended. I would ask the council again to consider putting additional supports in place to attract business to this location. Thanks are due to the council for monitoring the illegal dumping.
