Subject: Mining

A Chara, The Rural Ireland Organisation wishes to object in the strongest possible manner to Mining in Clare or indeed in any other part of Ireland. Mining is causing huge friction in Communities, doing huge damage to the Environment at a time when we have a water quality Crisis, Climate and Biodiversity Crisis. It is Absolutely appalling That a Green Minister should grant a licence for such deplorable action in Rural Ireland at this or indeed any other time. RIO will support whatever action Communities decide to take on this. Political Decisions and Corporations destroying our country will not be acceptable going forward. Gerry Loftus, Chair RIO.
