1.0 INTRODUCTION

P. Coleman & Associates, Architects, Engineers and Planners have been appointed by Kieran Kelly to prepare a submission to the Proposed Amendments to the Draft Clare County Development Plan 2023-2029 (Draft Plan).

Our Client lodged a submission to the Draft Plan, Submission Ref: S2.921, which requested that the Draft Plan provide a clear policy objective that supports new and established industrial and commercial open storage type uses in unzoned areas outside of designated settlement centres. It would also ensure that existing permitted business would be permitted to extend and existing businesses seeking to be regularized would be permitted in principle in these areas.

2.0 PROPOSED AMENDMENTS TO THE DRAFT CLARE COUNTY DEVELOPMENT PLAN 2023-2029

We note from our review of the Written Statement, Volume 1, of the Proposed Amendments to the Draft Clare County Development Plan 2023-2029 that additional text has been included to support part of our submission in *Chapter 6 – Economic Development and Enterprise*. Under *Section 6.15 Availability of Land and Infrastructure* the following text is proposed to be included:-

“Where proposals may arise for new employment and enterprise development in the open countryside, only where there are strong locational factors that would make the location of the use in towns and villages undesirable would these be considered by the Council on a case-by-case basis. Such proposals would include the development of commercial/industrial related facilities and associated support services in appropriate locations and any such proposals would be subject to the planning and environmental objectives as set out in this plan”.

3.0 SUBMISSION

This proposed amendment is welcomed by our Client and we respectfully request that it be included in the adopted Clare County Development Plan 2023-2029.
