Dear Anna

Your email makes reference to both the Residential Zoned Land Tax (RZLT) Draft Map as well as the Draft County Development Plan 2023-2017, which are two separate processes.

In relation to the Draft Clare County Development Plan 2023-2017, you are correct that the lands, as identified on the map attached to your email, are proposed to be zoned Existing Residential and Open Space. Your email also states that the field is for 'Agriculture and Mixes Use' and refers to a zoning change to reflect this. We are currently accepting submissions on the Proposed Amendments to the Draft County Development Plan (until 3rd Jan 2023) therefore can you confirm that you wish your email to be accepted as a submission for this purpose?

In relation to the Residential Zoned Land Tax Draft Map, the lands are not included on this map and therefore are not liable for the Tax. The RZLT Draft Map can be viewed [here](#).

If you have any queries, please don't hesitate to contact me.

Subject: Residential Zoned Land Tax Draft Map

Dear Sir/Madam,

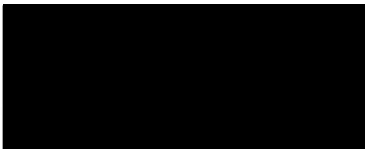

I am writing to you in regard to the Draft County Development Plan 2023.

The plan for the Kildysart area outlines my field as Existing Residential and Open Space. This field is for Agriculture and Mixes Use. I have attached an Ordinance Survey map which identifies the field, map reference C16427123.

I would be grateful if you could let me know when it is zoned as Agriculture and Mixed Use.

Yours Sincerely

Anna O'Dea
