

6th Class room 20
Holy Family Senior School
Station Road
Ennis Co. Clare
16/11/2020

Dear Ms. Bristane,
We are in Mr. Cooney's class in Holy Family Senior School and would like to submit our ideas in relation to the Country Development Plan review. As a class we have considered the needs of Ennis under the following headings.

Our Local Area:

As a class we agreed that we would like to see more trees and flowers planted as we ~~felt~~^{feel} that there are very few green areas around the town. We would also like to have access to greenways and walkways.

Transport:

As a class we agreed that there should be better footpaths and more cycle lanes around the town. We also agreed that there should be more public transports/bus stops around the local area. We've also decided that there should be better provision of electrical charge points for e-cars.

Community/Recreation:

As a class we would like to see more basketball courts a bigger skate park and other playgrounds to be better distributed on the outskirts of the Ennis area. We would like to see picnic areas and benches with access to hand washing facilities.

Culture/History:

We feel this area lacks in promotion of these amenities. Perhaps virtual tours would be the way to go with this. We think that display boards of historical significance should be available particularly to those who visit our town.

Climate/Change:

There are recycling areas scattered around the town but feel that opening/closing times of Inagh and Ennis Recycling Centres should be reviewed to better facilitate those who do shift work.

We hope that you will find our ideas useful for the future of our charming town. Thank you for taking the time to read our submission.

Yours sincerely,
Class 6A
