Subject: Submission to Variation No.1 to the Clare County Development Plan 2023-2029
Attachments: LAND.26.docx

Dear Sir/Madam,

We wish to make a submission in relation to Variation No.1 to the Clare County Development Plan 2023–2029.

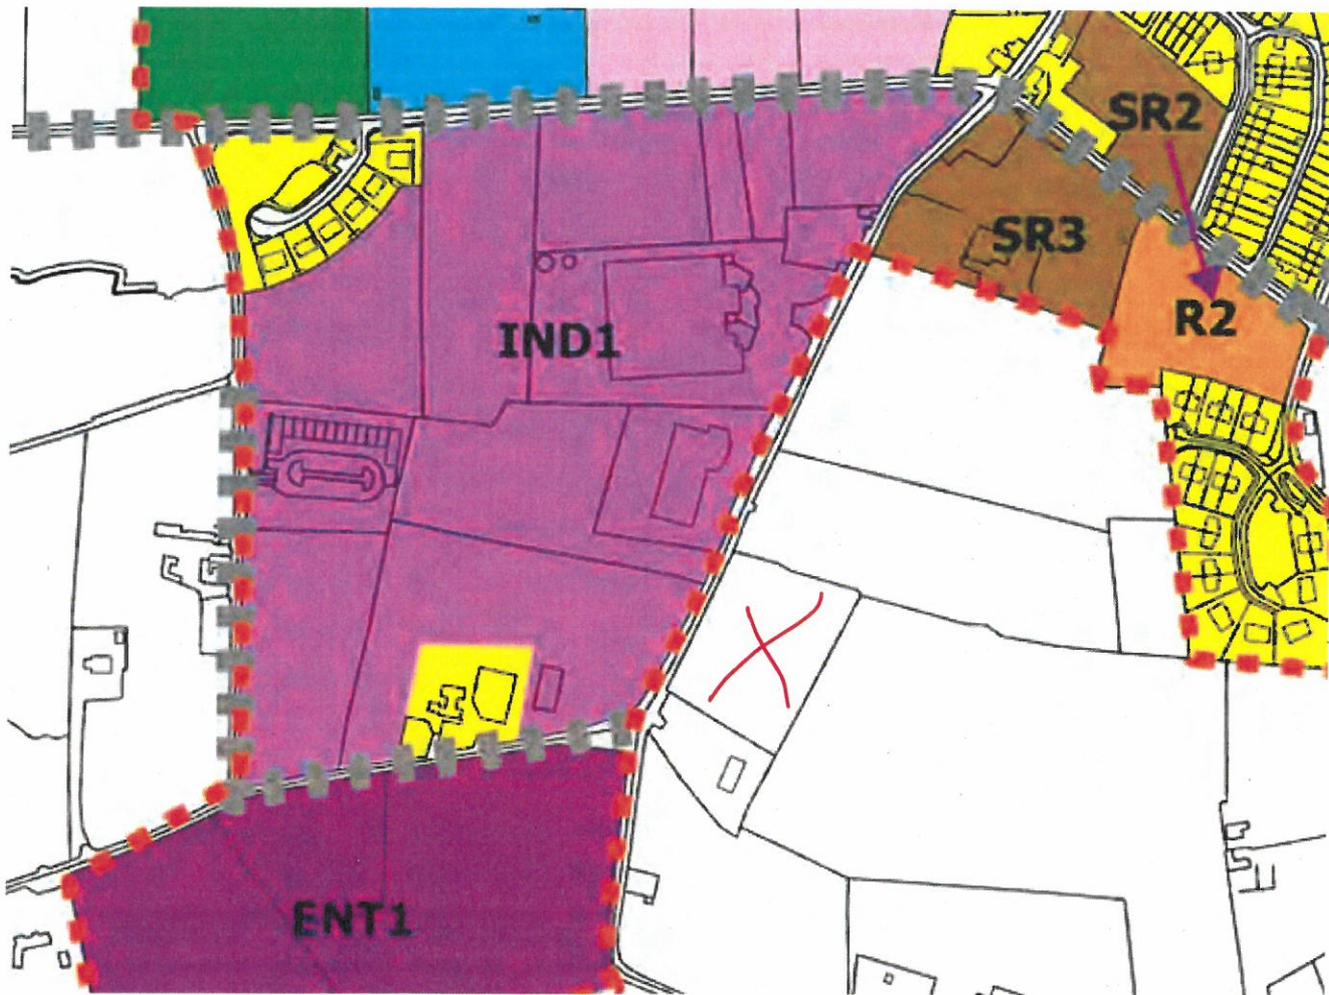

Please see the attached a word document which includes a map and the portfolio number identifying our land. The two sites are clearly marked with a red "X".

My family and I respectfully request that the settlement boundary of Ennistymon be extended to include our two sites/field as shown on the attached map. Given the location of the land in close proximity to the existing settlement and the settlement boundary line being located along the public road in front of the field boundary wall, we believe it would be appropriate for it to be included within the development boundary.

We would ask Clare County Council to give full consideration to this request as part of the review process and to include the land within the Ennistymon settlement boundary in the updated plan.

Thank you for your time and consideration.

Kind regards,

Folio No. CE 13318
