**Subject:** Submission re proposed variation No 1. Dev Plan. Post office field  
**Date:** Tuesday 31 March 2026 14:51:11

---

To whom it concerns,

I would like to congratulate the Council for its recent decision to exempt the post office field from future invasive development, for example park / bridges etc.

If I could make one suggestion / observation, which I believe would benefit from immediate attention.

The field, through the many floods and constant river flow, is suffering from significant erosion. If the council could try to aesthetically and naturally rectify this matter, as soon as possible, I believe it would greatly benefit the field.

Yours,

Dan Duggan.  
Donal Duggan.
